A THANKSGIVING.

Thankful for homes and herds,
For fertile fields, for harvest ultimate;
For the sweet prattling words
Of children at the gate.

Thankful for strength in strife,
For faith more steadfast than the stars above;
Thankful that life is life,
And love is love.

For Faith's good morning and
For Hope's good night, when we are
rejoiced in rest;
Led by an unseen hand,
Safe to an unseen breast.

SCHOOL TAX ENJOINED

Sheriff John Clarke Served With Restraining Order Stopping Collection of Taxes From Citizens of First Educational District.

Messrs. W. L. Holton and C. H. Sidwell on Tuesday afternoon filed suit in the Mason Circuit Court asking for a restraining order against Sheriff John Clarke and the Mason County Board of Education, estopping them from the collection of school taxes in the First Educational District.

The petition of the plaintiffs alleges that an election held in that district on July 3 of this year was illegal, not being advertised, as the laws of this State require, and the tax of 25 cents per \$100, which was carried, is illegal, and that a restraining order be granted and served against the defendant, John Clarke, Sheriff of Mason county, Circuit Judge C. D. Newell was not in the city and Circuit Clerk K. issued the restraining order.

The order was served upon the Sheriff by Coroner Charles Slack.

PEG-LEG ESCAPES.

Will "Peg" Hickie, a well known police court character, has a record that will be hard to beat. Hickie has only one leg, but in the last year has escaped from the city guards twice. Tuesday afternoon he made his second escape from the city guard. Hickie has been giving the residents of this city some trouble and the town is better off during his absence.

POLICE COURT.

Acting Judge J. W. Simpson found two guilty persons in Police Court Tuesday afternoon. He disposed of them in the following manner:

Heck Darnell, drunk and disorderly, \$7.50.

Jefferson Davis Clayton, drunk, \$6.50.

Pretty Nuptials Solemnized Wednesday Morning At St. Patrick's Church.

Wednesday morning at 7:30 o'clock, St. Patrick's church was the scene of a pretty wedding, when Miss Katherine Glenn, the attractive daughter of Mrs. Edward Glenn, of this city, was united in the holy bonds of matrimony to Mr. John J. Hennessy, of Peru, Ind. Rev. Joseph O'Dwyer, assistant pastor of St. Patrick's church, performed the ceremony.

The bride was gown in a beautiful frock of white tulle with hat and gloves to match and carried a large bouquet of white roses, while the groom was attired in the conventional black.

The bridesmaid, Miss Anita Glenn, sister of the bride, was gown in a pink chiffon creation, with hat and gloves to match and carried pink roses. Mr. Edward Schlemmer, of Peru, Ind., acted as best man.

After the ceremony, which was attended by many friends, the happy couple were entertained with a bridal breakfast at the home of the bride, later leaving for a short bridal tour. Mr. and Mrs. Hennessy will make their home in Cincinnati, where the groom has prepared a handsome home for his bride.

The lots brought fine prices, the highest bringing \$2,100, while a few were below \$200. Col. W. H. The Mayslick addition will be built up in a short time as many who bought stated they were going to build. Plans for several pretty home are already being made in this bustling little town of Mason county.

SOME TURKEY

INFORMATION

The E. L. Manchester Produce Company Sells 14,000 Thanksgiving Birds To Various Markets In East and West.

If all the turkeys sold by the E. L. Manchester Produce Company this season were made into one bird, this gobble would be a giant seventy feet tall and weigh more than eighty tons, and would require the combined appetite of a city the size of Lexington to get it under its belt. The big firm at the corner of Sutton and Third streets has shipped more than 14,000 birds out of their house this season. These birds averaged close to eleven pounds and required a freight train of fifteen cars to transport them. The price paid to farmers for the gobblers amounted to about \$25,000, showing that the raising of the national bird is very profitable, as each one netted the owner close to \$2.

To clean and prepare these birds for the market, a force of nearly a hundred men and women was necessary. Besides the "turks," over 5,000 other fowls were sold, and countless dozens of eggs were disposed of.

While the number of birds on the market this season was several thousand short of the production of last fall, the price and the quality were far better and both the farmer and the merchants were satisfied with the prices.

The sale of the Thanksgiving birds in this city will be very heavy from the present outlook and there will be few families in Maysville that will not have a big brown "turk" to grace their table tomorrow.

VANCEBURG PROFESSOR

Is Chosen Principal of Newport's New High School.

Newport, Ky., November 23.—At a special meeting of the Board of Education Superintendent W. P. King, of the Newport schools, announced he had secured the services of Prof. F. R. Gaither, of Vanceburg, Ky., to become the principal of the new high school, which vacancy was caused by the resignation of Prof. W. A. Evans, who accepted a position with the Bloom school of Cincinnati.

Prof. F. R. Gaither is well known in educational circles in Mason county, having for several years been the principal at the Minerva school. He is a gentleman of high intellectual attainments, and Newport is to be congratulated upon having selected him as their new principal. He is qualified in every way to fill the position to which he has been elected.

The Ledger extends congratulations to Prof. Gaither and rejoices with his many friends upon his deserved promotion.

BENEFIT PERFORMANCE

At Gem Theater On Thursday, December 9, For Mason County Health League and Hayswood Hospital.

Through the kindness and generosity of Manager Mills, the entire proceeds of the afternoon and evening entertainments at the Gem Theater on Thursday, December 9, will go to the Mason County Health League.

It is the duty of every citizen of Maysville and vicinity to help make this a grand success by patronizing and securing tickets in advance. To avoid the rush in the evening, as many as possible are requested to go in the afternoon, so that all may be comfortably taken care of.

EAST SECOND STREET.

The condition of East Second street is steadily growing worse, with no effort on the part of the proper officials to repair same. Why is this? Don't the citizens of the Fifth and Sixth Wards pay taxes? We know they do, and they are entitled to the city spending some money on the upkeep of the streets in their section of the city.

In a few weeks, unless this street (which is a disgrace to a civilized community) be improved, it will be almost impassable, due to ruts and slush caused by the heavy traffic thereon.

Get busy, Councilmen, and see that East Second street is repaired.

BUSY TIME.

These are busy times for the local tobacco warehousemen, who are getting ready for the opening of the Maysville loose leaf tobacco season on Tuesday, December 7. Nearly every house has men on the road calling on farmers to induce them to bring their tobacco to Maysville and sell at their warehouse. Keep it up, gentlemen. Everything that brings people to this city is good for us all.

STREET CROSSING NEEDS REPAIR

One of the stone blocks that cover the gutter at the head of Plum street, has sunk to such an extent as to make a dangerous hole in the street crossing. This should be repaired at once to avoid a possible accident and prevent a likely damage suit against the city. A few hours' work will remove the danger. Do it now.

HAMLETT DEFEATED

But Sues To Keep Lewis Out of Job—Obtains An Injunction To Prevent The Issuance of Certificate to Republican Opponent.

STANLEY'S LEAD IS 471 OVER EDWIN MORROW.

Frankfort, Ky., November 23.—The long expected contest for the office of Secretary of State has materialized, Barksdale Hamlett, of Hopkinsville, Democrat, having secured an injunction in the Franklin Circuit Court restraining the State Election Commissioners from issuing the certificate of election to James P. Lewis, of Whitesburg, Republican.

The total number of votes counted by the State Election Commission for Lewis was 209,745 and the total vote for Hamlett was 209,627. Lewis' majority is 118.

The injunction was issued by the Circuit Clerk in the absence of the Circuit Judge. The grounds for the injunction are the counting of the recertifications of the votes in Christian, McCreary and McCracken counties. The recertified vote of Hart county, which would have added ninety-one votes to Lewis' total, was not counted because the certificate was not made in proper order.

Hamlett Before the Board. Hamlett appeared before the board after it reconvened for the night session and made a statement, saying that on the face of the returns he had won the election by ninety-three votes and that the original certifications showed it.

"I am asking no favors," said Hamlett, "but merely stating my case to you and asking for a fair deal. Under the law the commission has no right to consider recertifications. If I had had the money I could have procured any number of recertifications, but I could not afford to pay for them."

"The votes accepted from McCreary county are frauds and the whole county should be thrown out. There is also fraud in Christian county and Hart county. I have an appeal before the Appellate Court now and if you award the certificate before that case is decided you will be doing me an injustice."

Friends suggested to Hamlett that he should obtain an injunction and the members of the board would comply with it. There were no contests in any other races.

Recertification Accepted.

The recertifications were accepted by the defeated candidates. The convict labor constitutional amendment carried by 81,739 to 37,855, and the constitutional amendment providing for the classification of property won by a vote of 67,449 to 35,467. The totals of the vote in the other races follow:

For Governor—Stanley, Democrat, 219,991; Morrow, Republican, 219,521; Pickett, Prohibitionist, 4,291; Drexler, Progressive, 1,371; Dobbs, Socialist, 3,297; Stanley's majority, 471.

For Lieutenant Governor—Black, Democrat, 215,855; Walker, Republican, 207,127; Demaree, Prohibitionist, 3,080; Eskridge, Progressive, 1,131; Gamble, Socialist, 3,268; Black's plurality, 8,728.

For Auditor—Greene, Democrat, 212,207; Weber, Republican, 207,399; Moore, Prohibitionist, 3,018; Holtzclaw, Progressive, 1,099; Boswell, Socialist, 3,233. Greene's plurality, 4,908.

For Treasurer—Goodpastor, Democrat, 211,264; Hunter, Republican, 206,963; Carpenter, Prohibitionist, 2,973; Groves, Progressive, 1,111; Cullen, Socialist, 3,251. Goodpastor's plurality, 4,301.

For Attorney General—Logan, Democrat, 211,290; McGregor, Republican, 206,567; Cole, Progressive, 1,205; Clark, Socialist, 3,373. Logan's plurality, 4,723.

For Clerk Court of Appeals—Keenon, Democrat, 211,290; Huntsman, Republican, 206,918; Hardy, Socialist, 3,181. Keenon's plurality, 4,371.

For Superintendent of Public Instruction—Gilbert, Democrat, 210,352; Green, Republican, 207,557; Gregg, Prohibitionist, 2,744; Nance, Socialist, 3,181. Gilbert's plurality, 2,800.

For Commissioner of Agriculture—Cohen, Democrat, 212,461; Hanna, Republican, 206,598; Shepard, Socialist, 3,213. Cohen's plurality, 5,863.

In the race for Secretary of State Mrs. Frances E. Beauchamp, Prohibitionist, received 3,118 votes; Reynolds, Progressive, 1,355 votes, and Socialist, 3,364 votes.

AND THE LITTLE FORD RAN BLEED RIGHT ALONG."

Tuesday morning about 10 o'clock, a Ford touring car belonging to one of the prominent farmers of the county staged some queer antics near the corner of Sutton and Third streets. The driver of the machine had several ladies in the car and becoming engaged in their conversation, forgot all about the car, which ran to the north side of the sidewalk, then to the south side into a letter box, then back again to the north side of the street, and then once more over to the south side of the street, where it struck a large maple tree in front of the office of Dr. L. Rand with such force as to stop the engine and further flight of the wild machine. None of the occupants of the machine was hurt, all the damage being done to the car itself, it having two broken lamps, a bent axle and two sprung wheels. The repair man was sent for and the machine was taken to a garage for a thorough overhauling.

SETTING FORTH THE TRUTH.

In a speech at Helena, Mont., Secretary McAdoo expressed his "disgust" that "we can not get the truth and the facts to the people of this country."

We do not know the central topic concerning which the secretary is thus exercised in his mind; but his sudden passion for the truth excites our sympathy.

If Mr. McAdoo is really desirous to "get the truth and the facts to the people," may we suggest that he has an excellent opportunity for trying to do so in a daily document which the Treasury Department issues for public distribution? We refer to the "Daily Statement of the United States Treasury," which is designed to inform the country regarding the cash in the national strong box.

According to this document in its present form, the cash balance in the Treasury is more than one hundred millions. In reality, the balance available for the purpose of the government is about eighty millions less than this sum—the difference being accounted for by a new method of bookkeeping which Secretary McAdoo instituted some weeks ago. By this new method the secretary transferred to the balance a large sum of money, earmarked for specific purposes, and in no sense representing available assets for the government in the payment of its running expenses. Thus, without adding a single dollar to the till, Secretary McAdoo increased the treasury balance—on paper—by some eighty millions of dollars; and in that form he daily renders to the people of this country an accounting of his stewardship of their funds.

If Mr. McAdoo really wishes to "get the truth and the facts to the people of this country," why does he not begin at the point where his jurisdiction is effective? Why does he not put "the truth and the facts" into his daily statement of the United States Treasury?

It is quite possible to make a satisfactory run with an automobile, even if the driver does have to get along with water to drink.

THE THANKSGIVING HOLIDAY.

As far as appearances go, the Thanksgiving holiday is not observed with the same feeling as of old. Church services are not well attended. Family prayer is a custom that is no longer common. There is little audible expression of the thankful heart.

But the true value of such a holiday lies in acts, not in thoughts or words. No doubt many more people than formerly receive substantial gifts. Few persons would let a neighboring family go hungry if their wants were known. Kind deeds like this are more in keeping with the real spirit of Thanksgiving than any formality.

This does not mean that the author of all good should be forgotten. The abundance of Thanksgiving, the happy reunion of kindred and friends, should make one realize better than ever that there is a great deal of sunshine in life. The power that has sent all this good cheer into the world must be guided by love, even when it sends the discipline of pain. Thanksgiving Day should not be passed without the silent prayer of recognition for all blessings.

Keep right on sewing. It makes you as handsome as a baboon and as winsome as a Fiji islander.

Fun---Well Done

But He Didn't Get It.

He was Scotch all right, was Sandy MacGregor, and had mislaid his wallet containing \$500 at the railway station.

He telegraphed his loss to the railway station agent and the wallet was kept until his return a month later.

The finder, a young clerk, handed MacGregor the missing wallet and stood in an attitude of eager expectation. The Scot unheedingly counted his money and then looked long and suspiciously at the young clerk.

"Isn't it right?" stammered the latter in bewilderment.

"Right! Right! It's right enough," said MacGregor, "but whur's the month's interest?"

Courteous.

"Those people who live in that swell house on the hill aren't a bit stuck up," remarked the butcher.

"Why, I thought they were too proud to notice anybody," said the wife.

"Not a bit of it," replied the butcher, "Every time I call there with my bill they ask me to call again."

EDITORIAL SIDELIGHTS

How many of our good citizens realize that this town is dependent to a considerable degree upon the good will and patronage of the farming community surrounding us? And how many ever give a second thought to the comfort of the farmer and his wife and children when they come to town?

If we have never done any thinking along this line before it is not too late to begin now. Let's begin.

We can not do everything at once, but we can make a start in the right direction by selecting a convenient site and build sheds where the farmers can leave their rigs and hitch their horses and feel safe in their minds that their teams will not be frightened by the innumerable automobiles that are constantly whizzing by.

Some may argue that there are livery barns and feed sheds where the farmer can stable his team for a price.

True, there are. But when a man from town drives out into the country and stops at a farmhouse, does the farmer charge him a quarter or a half-dollar for a place for his team to stand? Not a bit of it. That team is put right in the barn, or hitched in a safe place away from the road, and there is no price attached.

And if the town man is thus taken care of while in the country why shouldn't the farmer be shown equal courtesy when he comes to town and spends his money here?

If we want the farmer's trade we will have to treat him right when he comes to see us. If we don't he will find other places to go and no one will have just reason to complain.

This is but one of the items in the count. Let's dispose of it and then tackle the others.

Adequate defense measures will cost millions. Paying the indemnities of defeat will cost billions. Which do you prefer?

Just why should George Burditt worry over his job as assistant postmaster of the little village of Winnetka, Ill.? Getting fired by the Post-office Department for commenting adversely upon the engagement of the President and Mrs. Galt, and then being promptly and emphatically reinstated by the President himself, has made him a national figure and is rapidly qualifying him for the stage or the lecture platform. And really now, if Mr. Wilson wants to marry Mrs. Galt and the lady is willing, whose business is it? And if Mr. Burditt wants to exercise the American right of free speech in a gentlemanly language, whose business is that? Seems to us the daily press has been making a whale out of a tadpole. But then again, that's their business, and they are experts in their line.

In these days you can't make a man out of a monkey, and neither can you make a respectable member of society out of a brainless idiot who makes vulgar remarks about every woman who passes. Feeble minded degenerates should be in asylums for imbeciles, where they belong.

When a peppy old duck told his wife she had no sense she meekly pleaded guilty to the charge and pointed to him as the greatest evidence of the fact.

New York has 540,000 school children, according to a newspaper paragraph. Let 'er keep 'em. All local demands can be supplied right here at home.

Some employees get the business, while others are just ornamental. Each is paid in proportion to his value.

Yes, Winnetka, Ill., is on the White House map.

ITEMS FROM ALL AROUND

Strawberries Still.

(Todd County Times.)
 Mrs. J. H. Terrill exhibited here Saturday a number of well developed strawberries, samples of quite a number that were picked from the bed at her home several miles south of town, last week. Todd county, with the weather that has distinguished November, 1915, will soon rival Florida as a summer resort.

Activity In Perry County.

(Hazard Herald.)
 The grading work on the railroad up Main Buffalo is being pushed in order to have it ready in time to accommodate the operators when they are ready to dig coal. These new developments will add greatly to the output of the Hazard field. The railroad company is making preparations to handle this coal when all the mines around here start to work.

Conditional Forgiveness.

(Todd County Times.)
 Mrs. J. P. Turner's poultry yard was raided last Saturday night and two young bronze turkey gobblers were taken. The raider left his cap behind as a memento for the proprietor. It is a big plain cap, with green and black predominating. Mrs. Turner suggests that the owner come and get his cap and pay for the turkeys. Then mum is the word.

Barred Owl Killed.

(Elizabethtown Mirror.)
 Mrs. Steadman Robertson shot and killed a barred owl last week. The breast and lower part of the owl was white, while the tips of the wings and tail and the feathers above its eyes were also white. The barred owl is almost extinct in this section of the State. Mrs. Robertson shot the owl with a rifle at a long distance, demonstrating the fact that she is an expert with a gun.

Giant Pumpkins.

(Jessamine Journal.)
 About as large a pumpkin as was ever raised in this section was on display last week in the window of the First National Bank. This pumpkin was about sixteen inches in diameter and weighed sixty pounds, and was raised by Lewis Peel, who lives in the eastern part of the county. No special effort was made to cultivate this pumpkin as it grew in the corn field with many others. Justin Burgin, who lives in the same section, brought to town the first of the week a pumpkin which was a little larger than the one raised by Mr. Peel. Mr. Burgin's pumpkin weighed seventy pounds and was slightly larger in diameter. This hog-fattener and pie-stuffing also grew under normal conditions.

\$6,000 Made For County.

(Elizabethtown News.)
 The News published in its last issue the fact that \$15,000 was likely to be paid into the coffers of Hardin county by the railroads by the recent decision of Judge A. M. J. Cochran in the railroad franchise taxes. This, however, is not the only bit of gratifying information concerning the county's finances. Since the administration of County School Superintendent Payne began there has been a reduction in the outstanding school indebtedness against the county of about \$12,500. Of this amount \$6,500 accrued from the proceeds of the sale of the County High School property. The remaining \$6,000 is due to the wise and economical policies of Mr. Payne and of the County Board of Education which serves with him. No part of the reduction is due to the increased franchise tax, referred to above, as the county treasury has not received the railroads' checks for the additional amount. The \$6,000 was saved by a careful watch over the everyday channels of expenditure.

NOTABLE BIRTHDAYS TODAY.

November 23.
 George B. McClellan, former Mayor of New York, now a professor at Princeton, who has been in the public eye recently through his writings on conditions in the Teutonic nations, is 50 years old today. He made a tour through Germany and Belgium, and described the conditions of the Belgians as quite normal and satisfactory. Other tourists tell a widely different story, and Prof. McClellan has come in for a deal of criticism. He is an authority on politics and public affairs, and his views caused quite a stir as he toured the war countries. Prof. McClellan is the son of the late war hero, Gen. George B. McClellan, and was born in Dresden, Saxony, during a tour of his parents, on November 23, 1865. He was educated at Princeton and became a reporter in New York. He became a lawyer in 1892, and was elected president of the Board of Aldermen of New York the following year. In 1895 he was elected to Congress, where he served for eight years. In 1903 he was elected Mayor of New York, which office he held until 1909. He became a lecturer at Princeton four years ago, and accepted a professorship in 1912.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong."

"I have always recommended your medicine ever since I was so wonderfully benefited by it, and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The farmer agrees to educate the boy and furnish all things necessary in sickness and health. ROMANCE OF SUNDAY SCHOOL LEADERS.

St. Louis, Mo., November 23.—A pretty romance is that of Miss Helen Forbes, a St. Louis Sunday school worker, and Preston G. Orwig, an officer in the Pennsylvania Sunday School Association, who will marry here today. The romance began at Lake Geneva, at a meeting of Sunday school workers. Indian naming is one of the unique features at Lake Geneva, and Miss Forbes was duly named "Gash-kit-on," or "The Winner." In her Indian role she met "Wadjepe," or "The Nimble One," in the person of Orwig, and they played Indian sports and did their courting in the manner of the primitive Americans. The romance was watched by the Sunday school leaders and many of the paleface Indian will come to the wedding. Rev. Gove G. Johnson, of Washington, D. C., an uncle of the bride, will perform the ceremony.

Commission Meets in Washington To Settle West Virginia Debt Dispute.

Washington, November 23.—A settlement of the long-standing dispute between the States of Virginia and West Virginia over the division of the State debt of Virginia which existed at the time of the partition of the State, is expected to be reached at a meeting which begins here today. The Virginia-West Virginia Debt Commission which meets here jointly, and it is freely rumored that an adjustment more favorable to West Virginia than the recent award by the Supreme Court of the United States may be reached. When the Supreme Court issued its decision last June, a total of over twelve millions was the liability fixed on West Virginia. This vast sum included \$4,215,622.28 as West Virginia's share of the State debt of Virginia at the time of the separation, and over eight millions as interest on this sum for fifty-four years and eight months. Since the award was announced, there has been much dissatisfaction with the interest granted on the debt, and threats of repudiation were freely made in West Virginia.

It is conceded that the Supreme Court has the power to enforce its decree by collecting the ward from West Virginia and turning it over to Virginia. However, another method has been talked over, and the calm following the storm has brought judgment to bear on both sides. A plan will be formulated at today's meeting for the payment of the award to extend over a period of years, it is said, and this plan will be submitted to the voters of West Virginia for their approval or rejection.

The litigation between Virginia and her daughter State, West Virginia, is now nearly a half century old. West Virginia was born as a "child of the war," and President Lincoln signed the act of Congress which admitted the new State. It has always been recognized by the citizens that West Virginia was justly liable for a share of the State debt of Virginia, existing at the time of the separation, but no adjustment could be reached that satisfied the governments of both States. Thus it was thrown into the Federal courts for decision. West Virginia maintained without qualification that it was not obligated to pay interest on its share of the debt. The defeat of this contention was a staggering blow to a State already deep in debt and in financial plight. Governor Hatfield was obliged to apply the veto to many appropriations for schools, hospitals and colleges during the last year.

In addition to the award of \$12,393,929.50, which West Virginia must pay, unless another mutual agreement is made, interest at 5 per cent a year began on July 1 of this year. The State of Virginia, through its counsel, has filed with the Supreme Court an application that a receiver be appointed for West Virginia to assess and collect the obligation and pay it to Virginia. This application is held in abeyance until the joint commissions have threshed the matter out.

The population of West Virginia is about 1,250,000. The State has no State debt other than that which the Supreme Court saddled upon West Virginia. The only debt acknowledged by the State was wiped out in 1895. The State has a permanent school fund of a million dollars. To meet the burden of the apportioned debt, assuming the State is able to sell its bonds at 3 per cent, an additional tax of 40 cents per capita must be collected for the next third of a century.

IN THE SEASON OF OYSTERS

Excellent Ways in Which They Can Be Served to Those Who Are Fond of Them.

The practical housekeeper begins to worry as she sees her summer fruits slipping away. She does her best to make good use of the fresh lima beans, string beans, tomatoes, peaches, pears and berries. What she cannot serve fresh and in pies she cans and preserves.

She worries at the idea of having meat every day and sometimes twice when other foods become scarce and costly. It is father or perhaps one of the big boys in the family who suggests that oyster season has just begun and that these are far cheaper and more nutritious than many costly cuts of meat.

Sauce for Raw Oysters.—Take one dessertspoonful of tarragon vinegar, one tablespoonful of olive oil, one-half teaspoonful of Worcestershire sauce, the juice of half a lemon and one-half teaspoonful of tabasco sauce. Add a little salt and half an onion, grated fine.

Oyster Cocktail.—For each glass take six small oysters, two teaspoonfuls lemon juice, one teaspoonful Worcestershire sauce, two tablespoonfuls tomato catchup, a dash of tabasco sauce, a pinch of salt and a little sugar. Serve ice cold.

Oyster Cocktail.—Have oysters very cold. Put not more than six in each cocktail glass or sherbet cup, and just before sending to the table cover with a dressing made in the following way: Mix together one tablespoonful of mushroom catchup, two tablespoonfuls of strained lemon juice, five drops of tabasco sauce and salt to taste. This quantity will make three cocktails. Serve this sauce of brown bread and celery with the cocktails.

HAVE COVER FOR THE CORN

Vegetable Loses Much of Its Delicious Flavor if It Is Allowed to Become Cold.

In spite of the weather in which corn on the cob is served, the vegetable cooks off very rapidly and, therefore loses much of its deliciousness. To preserve the good taste of the corn it is quite essential that every housekeeper be supplied with a corn cover. This can be made from a square of heavy linen with the corners cut out. Finish the edge with a buttonhole scallop. On the outer flap of the cover stamp a dainty design; a wreath of eyelets and a few solid petals will be sufficient. Embroider the word "Corn" on the flap also. The size of the case can be determined by the size of the family—or, in other words, by the amount of corn that is served on the table.

Similar covers with the flaps changed slightly and possibly the shapes differed, can be made for toast, rolls or hot biscuit. In fact, a housekeeper cannot have too many cases for various purposes. Making several cases from one piece of linen one can economize in the cutting of the material, a point always worth remembering.

Chocolate Crullers.
Cream two tablespoonfuls butter and one-half of a cupful of sugar, gradually add the beaten yolks of three eggs and one and one-half cupfuls more of sugar, one cupful of sour milk, one teaspoonful vanilla, two ounces chocolate grated and melted over hot water, one-third of a teaspoonful of soda dissolving in one-half of a teaspoonful of boiling water, the whites of the eggs whipped to a stiff froth and sufficient sifted flour to make a soft dough. Roll out, cut into oblongs; divide each into three strips, leaving the dough united at one end. Braid loosely, pinch the ends together and cook until golden brown in smoking-hot fat.

Cambridge Roast.
Soak one cupful of lentils over night, then cook until soft in as little water as possible. Will take about four hours if German lentils. Mash through sieve. Add one-eighth pound (or less) of grated cheese. Season with salt and paprika, add enough bread crumbs to make stiff enough to mold into a roll. Bake in a moderate oven until a nice brown. Serve with tomato sauce. The roast may be varied by additions of Parmesan cheese, chopped onions, green peppers or pimiento. This dish is a complete food in itself and would easily serve for a one-dish luncheon. The first cooking of the lentils is best done in a fireless cooker.

Burned Pans.
If by any chance anything being cooked in a saucepan burns fill it when the cooking is done, with cold water to which a good spoonful of salt has been added, and leave to soak till next day. Then heat slowly, and by the time the water boils the burnt portion will have been loosened and will come off quite easily.

To Iron a Centerpiece.

Do not stretch the round centerpiece on the bias before ironing, but treat it as though it were square. Stretch first with the warp, then with the woof of the material, and iron in the same way. The result will be a perfectly smooth, round surface.

Cranberries With Dates.

To a quart of cranberries add half a pound or more of seeded dates and about half as much sugar as you would without the dates. Cook until soft.

The pessimist believes that the milk in the coconut is watered.

A young man is a theory; a old man is a fact.

RECORD OF THE PAST

No Stronger Evidence Can Be Had In Maysville

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. I used Doan's Kidney Pills and they gave me quick benefit. Since then when I have noticed slight return attacks of backache, I have used Doan's Kidney Pills and they have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good. I know that this medicine acts as represented." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co. Props. Buffalo, N. Y.

PORTER CHARLTON FREE TODAY

New York, November 23.—Porter Charlton, the former New York bank clerk, who was found guilty in the courts of Italy of the murder of his wife at their villa on Lake Como, completes today his sentence of twenty-nine days, and will step forth a free man. Many friends of the young American will greet him at the prison door. It is expected that he will sail soon for America to begin life anew.

The tragedy at Lake Como was the culmination of an ill-matched honeymoon. The young bank clerk, fascinated by a fair divorcee in New York, married her and took her abroad. She was much older than Charlton, a woman of the world. At Lake Como they quarrelled repeatedly. Finally in a fit of rage Charlton beat his wife to death. The jury which tried Charlton found extenuating circumstances, and that Charlton was only partially responsible for the tragic result of the quarrel. He was sentenced to serve twenty-nine days in jail, in addition to the time he had served since the murder in 1910.

It must be a source of solid comfort to some men after being ordered around by their wives for a lifetime to know that they are going soon to be installed as Grand High Supreme Potentate of some order or other.

Hundreds of Customer
Waiting For You

Do you know that in this town and farming community there are many hundreds of families who buy a majority of their goods in Maysville, from some merchant or other?

Do you know that YOU might just as well have a large percentage of this business? And do you know that this business is SPOT CASH because the people HAVE THE MONEY and are NOT AFRAID TO SPEND IT?

Do you know that to get this business you must FIRST REACH THE PEOPLE and let them know WHAT YOU HAVE?

Do you know that there is no other paper published that reaches these people as thoroughly and as effectively and with as tight a grip as THE PUBLIC LEDGER does?

The buyers in this community are an intelligent class of people, and they insist on knowing something about the goods before they part with their money.

Your advertisement in THE LEDGER will appeal to them because it is THEIR OWN PAPER, and because they KNOW that we do not accept questionable advertisements at any price.

The holiday season, a harvest for merchants, is now on and our people will be buying large quantities.

Because we feel that you are keen on getting a goodly slice of this business a representative of THE LEDGER will take the liberty of calling upon you within a few days, at a time he will illustrate to you more fully the advantages to be derived from placing a portion of your holiday advertising before a class of people who buy liberally and have the money with which to pay.

Very truly yours,

FARMERS LEARNING THEY CAN HUNT WITHOUT A LICENSE.

Records of the county clerks of offices, according to the Kentucky Fish and Game Commission, show that the hunting licenses issued are more and more to city residents as the farmers are learning that they may hunt on their own land and adjoining lands by permission without a license.

This is also having the effect of winning the approval of the farmers for the law and encouraging them to look after the game birds on their farms. City hunters are finding it more necessary to make all their arrangements in advance as to the lands they hunt on, and the old trouble of careless hunters starting fires, tearing down fences and damaging wheat fields is lessening.

RAISED THE PRICE.

Bro. Hiram Duley in his Flemingsburg Times-Democrat, has this jingle: "The campaign for Democratic nominations for county offices in 1917 is now open. Owing to the long period it will have to run we should charge at the rate of \$5 a year. But beginning now the rate will be \$7.50 for those who wish to announce between this time and August 1, 1916. After that time the price will be \$5."

The American Bible Society is in immediate need of \$150,000 in special gifts from churches and individuals if it is not to come to its centennial next spring with its reserve fund exhausted. For its great work the society must depend principally on the donations of individuals and churches, since its endowment fund yields an income of only \$75,000 annually. This amount would not carry on its work for more than two months.

Hunters report plenty of rabbits but few birds. Would it not be well to amend the game law at the next General Assembly and prohibit killing of birds for three or five years? We think so.

Speaking of geniuses, the fellow who invented the suspender button that fastens on with a clasp was certainly a friend to the suffragette's husband.

Clark & Young, of North Middletown, bought of Thomas McClintock, of Millersburg, eight mare mules at prices ranging from \$165 to \$175.

COLORED PEOPLE

At Maysville Hold Memorial Services In Honor of Hon. Booker T. Washington.

(Continued.)

The high and the low and those in every walk of life met Sunday, November 21, and by their sad faces and tearful eyes showed that they deeply deplore the death of the grandest man in the tide of time, for in the death of Hon. Booker T. Washington a mighty chieftain has fallen.

A large and appreciative audience of men and women of Maysville and Mason county met in mass meeting in response to the call issued some days ago by Hon. E. W. Lane, Dr. E. W. S. Hammond, Prof. J. M. Taylor, Dr. W. C. Patton, Prof. Travis and Prof. W. H. Humphreys and Rev. R. Jackson, and adopted resolutions of respect to the memory of the late Dr. Booker T. Washington. The mass meeting was held at the Baptist church in this city Sunday afternoon at 2:30.

The mass meeting was called to order by Rev. R. Jackson, who in a few appropriate remarks, introduced Hon. E. W. Lane as master of ceremonies, and he in a most eloquent address set forth the object of the meeting. Choir and congregation joined in singing "Stand Up, Stand Up For Jesus." Rev. Scott offered the invocation. Rev. R. Jackson read the nineteenth Psalm. The choir favored the congregation by the most splendid rendition of an anthem. Annie Perkins read a splendid paper on the life of Booker T. Washington. Mr. E. W. Lane read very earnestly most fitting resolutions, which were unanimously adopted as read. The choir again interspersed with a most melodious solo and anthem, which made the sacred walls of Bethel Baptist church resound with the music. The eulogy of Prof. Washington by Prof. Hammond was replete from start to finish. It was instructive, resourceful, enthusiastic, zealous and eloquent. It paid a high tribute to the life and work of the great leader. Prof. Humphreys moved that a vote of thanks be extended to Rev. Hammond for his masterful eulogy. The motion prevailed unanimously. Miss Emma B. Duncan favored the gathering with a splendid solo. Rev. Jackson and H. E. Hammons made appropriate remarks.

The following resolutions offered by Hon. E. W. Lane were adopted as follows:

Be it resolved by the beloved citizens of Maysville and Mason county, Kentucky, in mass meeting assembled, that in the death of the Hon. Booker T. Washington the nation has lost one of its loftiest and most patriotic citizens, the race has lost one of its most brilliant beacon luminaries, humanity one of its most valiant and aggressive champions, the Christian church one of its most earnest and devoted leaders and the great common people, whom he loved, have lost a most loyal, heroic, sympathetic and invaluable friend.

Resolved, That inasmuch as he was born a slave and after freedom he ascended the highest pinnacle of fortune, fame and honor, and as a citizen he at all times and under all circumstances loved liberty and advocated justice for all mankind, and in the race of life which halts for the moment its march of progress.

Resolved, That we commend the life and career of this great personage as a leader, educator, patriot and Christian to his fellows and entreat them to move cautiously, with malice toward none, with charity for all, that we may follow in his well beaten path or foot-steps on the sands of time.

Dr. Booker T. Washington will live in the history of human progress. He endeavored to shape his life and use his gift so that mankind might be better. Simple in his life, earnest in his purpose, true to his ideal, he is to be ranked among those who in their day and generation have worked to the best of their powers for the good of their fellowmen.

This brave and tender man in every storm of life was oak and rock, but in the sunshine he was vine and flower, and with loyal heart and will the purest hands he faithfully discharged all public trusts. He had witnessed the golden dawn of a higher and better day for his people. He had seen them work from the darkest slavery to the sunny shore of freedom, from the poverty of ignorance to the wealth of intellect which has smoothed the pathway of educational advancement and business prosperity. He saw slavery eternally die in the West of the past putting forever into oblivion the auction block and the slave pen. He erected over them school houses and churches, homes and firesides, and he looked into the faces of the free, folded around him his country's flag, the homes of the brave in a land where all are free.

Resolved Further, That we turn our faces to the white throne and humbly implore Him who is too wise to err, too good to be unkind, to touch the hearts of the great people of the United States that no harm shall come to his people until a safe and sane leader has taken up the duties and responsibilities where he lay down his glorious work for the uplift of his people.

And to whomsoever this honor shall come, may he be actuated by the same generous impulses and inspired by the same exalted motives as hallowed and crowned the life of this great spirit that has been so suddenly snatched from us.

Now, Be It Resolved, That a copy of these resolutions be sent to his bereaved family and copies be sent to the press.

Miss Eva Hughes will be the guest of Miss Essie Hughes, near Germantown, on Thanksgiving.

Mrs. Edward Nesbitt, of Mayslick, was visiting here Tuesday.

NIPON'S DAUGHTER

Little Mary's Tutor—America's Sweetheart, Mary Pickford, Instructed In Oriental Mannerisms.

Mary Pickford, who has been called America's sweetheart by an affectionate public because of her delightful representations of the occidental girl in motion pictures, has been provided with John Luther Long's classic, "Madame Butterfly," as the vehicle for her first screen excursion into orientalism.

So great was her interest in this forthcoming Famous Players Paramount picture that when Miss Pickford was informed that she was to represent the screen embodiment of Cho-Cho-San, she immediately engaged a Japanese maid in order to study

Scene From "Madame Butterfly."

her mannerisms, her walk and her gestures. This little daughter of Nippon is now acting as advisor-in-chief to Miss Pickford in the matter of selecting her oriental wardrobe and in the arrangement of her coiffure.

Little Mary is frankly apprehensive over her first digression from the type of character which she has always presented to the public.

"I feel almost as nervous about Cho-Cho-San as I did about the first picture I ever played in," said Miss Pickford. "When one has been playing a certain type of character almost exclusively the public seems to resent a departure from that particular style of impersonation. Cho-Cho-San is such a universally beloved little personage that I am particularly nervous about the Pickford version of the character which has become familiar to the public through the medium of the opera, novel and play; and if it does not succeed, I shall probably commit harikari."

This great feature production will be shown at the Washington Theater tomorrow matinee and night.

CLARK COUNTY PRISONERS

In Jail Will Be Given a Big Dinner On Thanksgiving Day.

(Winchester Sun.) Preparations are being made by Jailor and Mrs. James S. Mullins to give the prisoners confined in the jail a big dinner on Thanksgiving Day.

It is Mr. Mullins' custom to prepare a special meal for his prisoners on this day. Turkey is too expensive, but they are given all the chicken they can eat, and he now has a large number of hens in the pen fattening them. Not only are they given chicken, but practically everything that goes to make a good meal is provided. Owing to the large number of prisoners usually confined in the jail, it takes several days to prepare the things and they will begin early in the week dressing poultry and arranging for this day.

"A NATION OF DYSPHEPTICS." American people are called. This condition is due to our habit of hurried eating, and so many different foods at the same meal. In advanced life the system can not adapt itself to the strain and stomach troubles result. To strengthen and build up the digestive organs our local druggist, Peccor Drug Company, has a reliable, constitutional remedy known as Vinol. It vitalizes and enriches the blood, promotes a healthy appetite, and creates strength for the weakened, overtaxed nerves of the stomach.
